There were no changes to the minutes of the meeting held on February 20, 2021.

Old Business

None

New Business

Alex wants to expand his role to reach out to groups to encourage participation at Intergroup and asked for our suggestions. Jeff suggested that we get together in person some night so we could brainstorm. The debit card reader is up and running – Scott will put something on our website to that effect. Georgie said sales are up big time, mainly because people are coming down from Port St. Lucie because we are open more. Jeff suggested that we might be able to do a hybrid meeting in the near future. Jeff asked John to consider expanding the hours by getting more volunteers, with the following comments being offered:

- Intergroup serves as a service opportunity for members
- We will expand hours as we have volunteers for the added slots
- Summer is slower and people go north – 4 people have already informed John that they will be away for part or all of the Summer

Finally, Ron is ramping up his recruiting efforts for H&I activities more institutions open up.

The next Steering Committee will be held on April 17, 2021 at 8:15 am. After saying the Lord's Prayer together, the meeting adjourned at 8:35 am.

Respectfully submitted,

Cindy E.
Secretary
